

Recommended Work/Text books for extra homework

(as requested by a number of our parents)

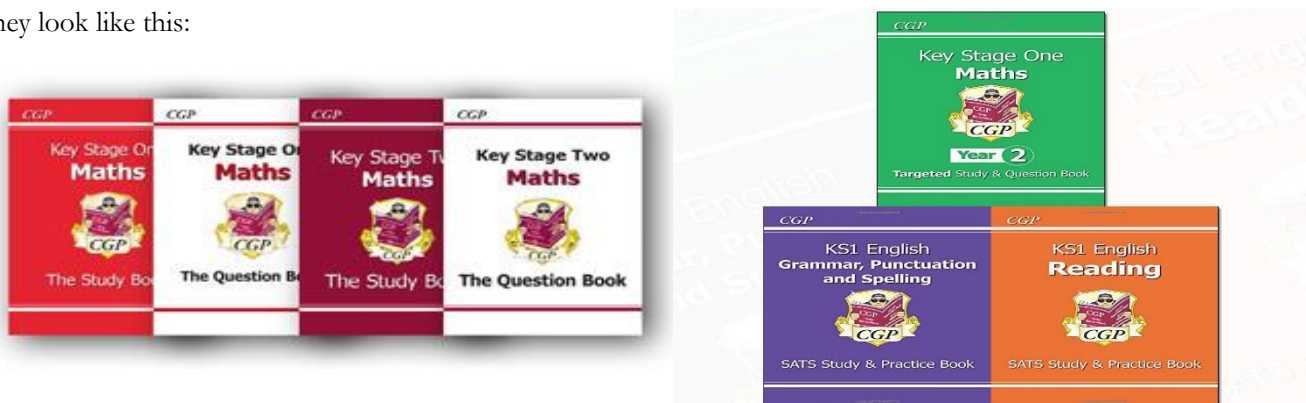

*CGP Workbooks:

These are generally the best ones and we sometimes use these in school/supply for homework in year 2 or 6. If buying these, please ensure they are for the correct year group and for the NEW (2014) National Curriculum. There is a large variety to view online on:

<https://www.cgpbooks.co.uk/Parent/homeParents>

Or you can find them on Amazon, or from Waterstones, Foyles, WHSmith etc.

They look like this:

*'Maths! No Problem' Textbooks and workbooks:

We have a selection of these textbooks and workbooks at either site which you may buy. These are for maths only and give explanations of how we teach mathematical concepts through mastery. You can buy a Textbook and Workbook together for £5.00. Please call at the offices for more detail.

*Schofield & Sims Workbooks:

Again, there is a good range of these books available. As with the CGP ones, ensure they are for the NEW (2014) curriculum and age appropriate.

These can be found online on:

<https://www.schofieldandsims.co.uk/parents/>

Or alternatively you can find them on Amazon.
